## **CLEAN UP PARLIAMENT!**

### **APPEAL FROM THE BLOG [WWW.BEPPEGRILLO.IT](http://WWW.BEPPEGRILLO.IT)**

This page has been financed by **thousands of Italian citizens** to find out whether there is another State in some part of the world in which 23 members of Parliament have been convicted of a variety of crimes and yet are allowed to sit in Parliament and represent their citizens.

If a Country like this exists, we Italians would like to propose a "twinning".

If there is no such State or Country we ask the world to help us understand why the **23 Italian parliamentarians, already convicted of crimes by the Italian Judicial System**, and whose crimes are recorded in my Blog [www.beppegrillo.it](http://www.beppegrillo.it), sit in the Italian and European Parliaments.

To read the names of the 23 Italian parliamentarians already convicted of crimes by the Italian Judicial System go to:

[www.beppegrillo.it/clean\\_up](http://www.beppegrillo.it/clean_up)

This because none of the international newspapers or magazines that I have contacted is willing to publish them.

**We ask these Parliamentarians**, who are working as our employees, **to put themselves in a state of suspension**, so as to give a real signal that our Country is changing.
